Things to remember about petitions:

Petition Pages must...

- be on the form from the State Board of Elections, and you cannot alter it in any way
- be either letter or legal size. Both are available on the [Department of Elections website](#).
- be one page printed on the front and back. You can make as many copies as you need.
- contain the signature, printed full name, and full residence address of each qualified voter and the date the voter signed. The last four (4) digits of the qualified voter's Social Security number are helpful, but not required.

The petition circulator...

- must be a resident of the United States and must sign the affidavit for each page in front of a notary.
- cannot be the circulator of the page on which they sign the petition.

When filing your petition pages...

- Each page should contain signatures from only one locality and congressional district. It is helpful to track signatures by congressional district, and there is a place on the page to enter that information.
- Please file the pages in ascending order by congressional district to facilitate processing.
- Deliver the Petitions for the Presidential Primary to the Department of Elections in a sealed container. The Department of Elections will deliver the sealed container to the state chair of the candidate's political party. The state chair is the only person who can open the sealed container(s).

When collecting your petition signatures, it is helpful to remember that...

- Because people who are not registered to vote often sign petitions for candidates, we recommended you collect at least 7,500 signatures with at least 300 from each congressional district.
