Things to remember about petitions:

Petition Pages must...

- be on the State Board of Elections form, and you cannot alter it in any way
- be either letter or legal size. Both are available on the [Department of Elections website](#).
- be one page printed on the front and back. You can make as many copies as you need.
- contain the signature, printed full name, and full residence address of each qualified voter and the date the voter signed. The last four (4) digits of the qualified voter's Social Security number are helpful, but not required.

The petition circulator...

- must be a legal resident of the United States and must sign the affidavit for each page in front of a notary.
- cannot be a minor.
- can be an individual who was convicted of a felony only if his/her voting rights are restored.
- cannot be the circulator of the page on which they sign the petition.

When filing your petition pages...

- Each page should contain signatures from only one locality. It is helpful to track signatures by locality, and there is a place on the page to enter that information.
- Please file the pages in ascending order by locality to facilitate processing.
- Deliver the Petitions for the US Senate Primary to the Department of Elections in a sealed container with a [Statement of Petition Signatures for US Senate Candidate](#) (3d) attached to the top of each container. The Department of Elections will deliver the sealed container to the state chair of the candidate's political party. The state chair is the only person who can open the sealed container(s).
- Deliver the Petitions for the US Senate November General to the Department of Elections. The Department of Elections will ship the pages to local general registrars for verification.

When collecting your petition signatures, it is helpful to remember that...

- Because people who are not registered to vote often sign petitions for candidates, we recommended that you collect at least 15,000 signatures with at least 550 from each congressional district.

- [1VAC20-50-20](#) lists material omissions for petition signatures and pages. If your petition has a material omission, it may render the page or signature invalid.

Petition Signature Requirements

Office you seek	Whose signature do you Need?	Number of petition signatures you need
United States Senate	A qualified voter of the Commonwealth	10,000 signatures, including the signatures of at least 400 qualified voters from each congressional district in the Commonwealth

Can I withdraw my candidacy?

To be withdrawn from the ballot you must submit a signed written notice declaring your intent to withdraw from the election.

ELECT offers the [ELECT-612.2 Candidate Withdrawal Form – Federal Offices](#) to help facilitate the candidate withdrawal process.

A withdrawing candidate should submit their withdrawal notice with enough time before absentee voting commences to ensure their name is removed from the ballot.

If you submit your form after your local ballots are printed, your name will not be removed from the ballot, but you will no longer be a candidate.

Submit your written withdrawal to your [general registrar](#). Electronic submissions of signed withdrawal notices are permissible.
