Things to remember about petitions:

Petition Pages must...

- be on the State Board of Elections form, and you cannot alter it in any way.
- be either letter or legal size. Both are available on the [Department of Elections website](#).
- be one page printed on the front and back. You can make as many copies as you need.
- contain the signature, printed full name, and full residence address of each qualified voter and the date the voter signed. The last four (4) digits of the qualified voter's Social Security number are helpful, but not required.

The petition circulator...

- must be a legal resident of the United States and must sign the affidavit for each page in front of a notary.
- cannot be a minor.
- can be an individual who was convicted of a felony only if their voting rights are restored.
- cannot be the circulator of the page on which they sign the petition.

When collecting your petition signatures, it is helpful to remember that...

- Because people who are not registered to vote often sign petitions for candidates, we recommended that you collect at least 1 ½ times the number of signatures required.
- [1VAC20-50-20](#) lists material omissions for petition signatures and pages. If your petition has a material omission, it may render the page or signature invalid.
