CHAPTER 1 – General Information

Section 1.1 - Purpose of *Summary*

In accordance with § 24.2-946 of the *Code of Virginia*, the Virginia Department of Elections has prepared this *Summary of Virginia's Campaign Finance Laws and Policies for Political Party Committees* (hereafter referred to as “Summary”), which will assist treasurers on how to file the required campaign finance reports and outlines the provisions of the Campaign Finance Disclosure Act (“CFDA” or the “Act”), Chapters 9.3, 9.4 and 9.5 of Title 24.2 of the *Code of Virginia* and the policies adopted by the Virginia Department of Elections related to those laws.

It is important to understand that there is more to the law than just timely filing the required campaign finance reports. As a treasurer, you should familiarize yourself with this Summary for it will serve as a valuable resource.

The Virginia Department of Elections makes the Summary available on the Internet to all committees, their treasurers, and the general public.

Section 1.2 - Campaign Finance Staff

The Virginia Department of Elections staff is available to assist you in preparing reports and interpreting the requirements of the CFDA. Should you have questions or require clarification, please email:

CFDA@elections.virginia.gov

Campaign Finance Instructional videos are also available on the Virginia Department of Elections YouTube page.

Section 1.3 - Related Publications

If your committee is required to file its campaign finance reports electronically, or if you have chosen to file electronically, please refer to the *COMET* User Manual found online at Virginia Department of Elections website: <https://www.elections.virginia.gov/candidatepac-info/campaign-finance/>

Candidates will also need to familiarize themselves with the appropriate candidate bulletin for the office they seek. These can be found online at the Virginia Department of Elections website: <https://www.elections.virginia.gov/candidatepac-info/candidate-bulletins/>

Section 1.4 - Elections Not Covered

The provisions of CFDA do not apply to primaries and elections for:

- **Members of the United States Congress;**
- **President and Vice President of the United States;**
- **Town office in a town with a population of less than 25,000;**
- **§24.2-945 allows, by adoption of an ordinance, the governing body of any town with a population of less than 25,000 may provide that the provisions of the Act shall be applicable to elections for town offices in the town.**
- **Political Party Committee Officers.**

In addition, persons (defined in Section 1.7) that make contributions from their direct operating or personal funds are not subject to the requirements of CFDA unless they make independent expenditures, in the aggregate during an election cycle, of \$1,000 or more for a statewide election or \$200 or more for any other election (see § 24.2-945.2).

Section 1.5 - Federal Laws and Requirements

A federal candidate is required to file campaign finance reports with the Federal Election Commission (FEC). The FEC (and *not* the Virginia Department of Elections) enforces federal campaign finance laws. The following are candidates who must file with the FEC, not the Virginia Department of Elections:

- President of the United States;
- Vice-President of the United States;
- United States Senate;
- United States House of Representatives; or
- Any political committee wishing to support or oppose *federal candidates*.

These committees must contact the Federal Election Commission (FEC) to obtain forms and information pertaining to federal campaign finance requirements and filing deadlines. You may contact the FEC at:

800-424-9530 (toll-free) or 202-694-1000 (within the Washington, D.C. area)

www.fec.gov – Internet address

1050 First Street, NE, Washington, DC 20463 – U.S. Mail

Federal Committees registered with the Virginia Department of Elections who file their reports with the FEC are not required to file campaign finance reports with the Virginia Department of Elections.

Candidates for office in Virginia may accept contributions from these types of candidates or political committees. However, it is important for you to review the provisions of § 24.2-947.3:1 and Section 3.7 of this Summary prior to accepting contributions from these types of committees.

The Virginia Department of Elections has no authority to provide any guidance regarding federal tax laws. Please contact the Internal Revenue Service if you have questions regarding your committee's tax filing requirements. Their website address is <https://www.irs.gov/charities-and-nonprofits>.

Section 1.6 - Cash-Basis Reporting

In a cash-basis reporting system, contributions are reported when the cash is received. Expenditures are reported in the reporting period when the expenditures are paid. Therefore, it is important to remember that, in Virginia, contributions are reported on the dates when the funds are actually received (not deposited) and on the dates when the funds are actually expended. It is very similar to the method that most people use to balance their check books.

The exceptions to this rule apply only in cases where debts on material goods have been received or for In-Kind Contributions with regards to services or advertisements purchased on behalf of a candidate where coordination has also occurred (See [Chapter 4](#)). Since no money is actually changing hands in this type of contribution, the information should be reported on the same date that the service was provided or when the advertisement benefiting the candidate was disseminated.

Section 1.7 - Definitions

The following are definitions of the terms used in the Summary that are of principal importance to candidates and their treasurers. Please keep in mind that some of the terms, while not specifically defined in CFDA, are useful in understanding this document. If you wish to read the exact definitions as they appear in CFDA, you may refer to § 24.2-945.1, 24.2-955.1 or 24.2-101 of the *Code of Virginia*.

CHAPTER 2 – Statement of Organization

Section 2.1 - Becoming a Party Committee

Virginia recognizes only two political parties: Democrats and Republicans. All other party organizations are required to register as Political Action Committees. Please see the [Summary on Laws and Policies for Political Action Committees](#) for more information on their reporting requirements.

Local Party Exemptions

County and city political party committees in counties and cities which have a population less than 100,000 (2020 Census) are exempt from registering and reporting as a Political Party committee until such time that they receive contributions totaling \$15,000 in a calendar year or make contributions and expenditures which total more than \$15,000 in a calendar year. Upon meeting the threshold, the committee must register and report all receipts and expenditures back to January 1 of that year.

Types of Party Committees

A political party committee can be any of the following types of organizations:

- **State Committee;**
- **City Party Committee;**
- **County Party Committee;**
- **Local District Party Committee;**
- **Congressional District Party Committee;**
- **State Legislative District Party Committee; or**
- **Organized Political Party Group of Elected Officials.**

Section 2.2 – Establishing a Party Committee

In order to form a party committee, a *Statement of Organization* for a Political Party Committee must be submitted to the Virginia Department of Elections within 10 days of organization; or 10 days after the date on which the committee has information that it expects to receive contributions and/or make expenditures of more than \$200. For county or city party committees which are exempt, a Statement is due within 10 days as soon as receive contributions totaling \$15,000 in a calendar year or make contributions and expenditures which total more than \$15,000 in a calendar year.

The Statement of Organization

A party committee that intends to spend more than \$200 in order to influence the outcome of a non-federal election in Virginia or is no longer subject to the exemption described above must include the following information on its *Statement of Organization*:

- The name of the political party committee and its address in the Commonwealth;
- The name and business address of the treasurer and his residence address in the Commonwealth who shall be deemed the agent of the political party committee for the purpose of service of process on the political party committee;
- The name, residence in the Commonwealth, business address, and position of the custodian of the books and accounts, who works under the direction of the treasurer, and the address where the books are maintained;

- The name, address, office sought, and party affiliation of each individual whom the committee is supporting or opposing for nomination or for election to any public office whatever, or if supporting the entire ticket of any party, the name of the party;
- Date that the committee first accepted contributions and/or expenditures exceeding \$200 (exempt committees should enter the date which they reached the \$15,000 threshold), date the committee established its designated depository, or the date the committee's treasurer was appointed; and
- The designated depository to be used for the receipt and holding of funds and contributions received by the political party committee, in an account in a financial institution within the Commonwealth

Mailing Address

The address must be within the Commonwealth. Post Office Boxes are acceptable. This address will be the primary mailing address and all official notifications will be sent to this address. It is the responsibility of the committee's treasurer to ensure that the Department of Elections has the most recent mailing address filed with us on the committee's Statement of Organization.

Treasurer Information

The treasurer must be a resident of Virginia but is not required to be a registered voter in the Commonwealth. See Section 2.3 for more information on the treasurer's requirements.

Custodian of the Books

The custodian of the books must be a resident of Virginia but is not required to be a registered voter in the Commonwealth. The address where the books are maintained must also be located within the Commonwealth. See Section 2.3 for more information on the treasurer's requirements.

List of Candidates Supported

The committee must disclose, at its time of registration, the names, addresses and party affiliation of each candidate supported or opposed. Political party committees can simply list the name of the political party that they intend to support.

Establishing a Depository

Party committees are required to establish a depository in a financial institution located within the Commonwealth. The *Statement of Organization* will require your committee to identify the name and address of the committee's **PRIMARY** financial institution. You are not required to provide the committee's bank account number.

*****PERSONAL BANK ACCOUNTS MAY NOT BE USED UNDER ANY CIRCUMSTANCES*****

The name of the account must match exactly with the name of the committee. All checks drawn off the committee's depository must include the name of the committee.

In most instances, the financial institution will require your committee to obtain an Employee Identification Number or EIN from the Internal Revenue Service. It is not difficult, nor does it take long, to obtain this number. Simply visit the IRS website (www.irs.gov) and type "Employee Identification Number" into the search field and you will be able to find the necessary information to obtain this number.

Establishing Secondary Depository Accounts

Committees are able to transfer funds from the primary depository to another account or instrument for the purpose of earning interest on those funds. This can be done as long as:

- Complete records are maintained for each election cycle;
- All interest earned (reported on Schedule C) and fees paid (reported on Schedule D) are reported on the committee's campaign finance reports;
- The establishment of such an account is reported on the Campaign Committee's Statement of Organization;
- Expenditures are made only from the primary checking account; and
- Before filing a Final Report, the transferred funds and any earned interest are returned to the primary checking account.

Filing Method - Electronic or Paper?

The Virginia Department of Elections requires committees to indicate if they intend to file their campaign finance reports electronically or on paper. Committees who raise or spend \$10,000 in a calendar year, or who raised or spent \$10,000 in a previous calendar year, are required to file their campaign finance reports electronically. A committee which raised or spent \$10,000 in a previous calendar year but does not intend to do so in the current calendar year, may file an exemption from the requirements to file electronically.

To become an e-filer, you must register and submit your Statement of Organization using "COMET" (Committee Electronic Tracking System). More information on COMET can be found on our website: www.elections.virginia.gov.

The Virginia Department of Elections offers COMET at no charge to any registered committee in the Commonwealth. The Department of Elections provides all of the support for this application and is available to assist you with your questions. However, if your committee wishes to use an outside company, they may choose from one of the Virginia Department of Elections Approved Vendors. The Virginia Department of Elections certifies all companies who wish to sell their software for the purposes of creating campaign finance reports to be filed in Virginia. Once their software is approved, the Virginia Department of Elections will accept campaign finance reports created from the company's software.

The committee cannot change its filing method without first notifying the Virginia Department of Elections by submitting an Amended *Statement of Organization*. An electronic filer who submits a report on paper will not be considered to have filed a timely campaign finance report.

Section 2.3 – Treasurer and Custodian of the Books

Treasurer Requirements

In order to serve as a treasurer for any party committee the individual must be a resident of the Commonwealth of Virginia. The treasurer, for purposes of the service of process, is deemed the agent of the party committee and is the person ultimately responsible for all aspects of campaign finance reporting for the committee.

Custodian of the Books

The custodian of the books works under the direction of the treasurer and is eligible to perform all the duties of the treasurer including, but not limited to, signing checks, signing campaign finance reports, making deposits, etc.

The committee is not required to appoint a custodian of the books if the treasurer also serves as the custodian.

Duties and Responsibilities of the Treasurer

The custodian of the books can perform all the duties of the treasurer. However, the treasurer is ultimately responsible for the records of the committee. The committee's treasurer should not allow any person (other than the custodian of the books) to sign checks, receive contributions or make expenditures on behalf of the campaign. The ultimate responsibility for compliance with the requirements of the Act always rests with the treasurer, and it is the treasurer's or the custodian of the books' signature that is required on all campaign reports.

The treasurer is responsible for the receipts and expenditures of campaign or committee funds for political purposes. The duties of a treasurer can include, but are not limited to:

- Filing complete, accurate and timely contributions and expenditure reports and *Statement of Organization* Forms;
- Signing contributions and expenditure reports and *Statement of Organization* Forms;
- Authorizing expenditures (may also be authorized by any other officer of the committee);
- Monitoring disclosure to ensure compliance with Virginia's Campaign Finance Laws; and
- Keeping detailed and accurate records for at least three years after the report is filed.

Changes or Vacancies in the Position of Treasurer

The treasurer must keep the committee's addresses, phone numbers and email addresses current to help ensure receipt of periodic notices and compliance materials. If the treasurer position becomes vacant, the committee is responsible for notifying the Virginia Department of Elections within 10 days of the change ***and*** after appointing a replacement. Please be advised that a vacancy in the treasurer's position does not relieve the committee from filing timely disclosure reports.

Disposal of Records

The treasurer must keep detailed and accurate records of all contributions and expenditures in their possession for at least one year from the date of filing the final report or three years after the December 31st immediately following the election cycle.

Records

Campaign Finance Records include, but are not limited to:

- Receipts;
- Invoices;
- Bank statements;
- Copies of checks from contributors;
- Any communications from the Virginia Department of Elections;
- Copies of checks for expenditures; and
- Completed solicitation forms.

Section 2.4 - Where to File the Statement of Organization

Committees must file an original, signed copy of their Statement of Organization with the Virginia Department of Elections within 10 days once their population reaches 100,000 (by census records) or as soon as an exempted party committee has received contributions or made expenditures of \$15,000 or more during a calendar year.

All committees must maintain a copy of this form for their records.

Amending the Statement of Organization

The committee must file an amended *Statement of Organization* within 10 days of any change to the committee's information (e.g., a change in address) to the Virginia Department of Elections.

If there is no change to the information submitted, the original *Statement of Organization* will continue in effect until a Final Report is filed or until a change in the information occurs.

CHAPTER 3 – Schedule A: Cash contributions

Section 3.1 – Limits on Contributions

There are no contribution limits in Virginia. A committee can accept contributions from any individual, corporation, union, association, or partnership. It is required that all contributions received by the committee, and that all required information identifying the contributor, be reported on the committee's campaign finance reports.

Federal law prohibits any political organization to accept contributions from a foreign national or foreign corporation. An exception to the law is granted for individuals who have a valid green card. For more information concerning the prohibition of contributions from foreign nationals please visit the FEC website at www.fec.gov.

Section 3.2 – Types of Cash contributions

A committee can solicit contributions from any source mentioned in Section 3.1. A cash contribution may be made in the form of, but is not limited to:

- **Cash;**
- **Check;**
- **Money Order;**
- **Credit or Debit Card.**

Section 3.3 – Itemized Contributions vs. Unitemized Contributions

Contributors who have contributed an aggregate amount of more than \$100 to a committee during an election cycle (begins January 1 each year) must be “itemized” on the committee's campaign finance report. This means that the committee must include the required occupation or business information for the contributor on the campaign finance report.

Contributors who have contributed an aggregate of \$100 or less to the committee during an election cycle are reported as “unitemized” on the report. This means that the committee is not required to list the name of the contributor and other required information on the report. The contributor will have to be “itemized” if the contributor provides additional contributions which increase their aggregate contribution for the election cycle to be more than \$100. The committee is required to gather at least the name and address from each contributor no matter how small the contribution to ensure that full disclosure is possible should the individual's aggregate contributions go above \$100.

Designated Contributions

A designated contribution means a contribution that is designated specifically and in writing for a particular candidate or candidates and is made using a political committee solely as the conduit.

- For each designated contribution received from a political committee, out of state political committee, or federal PAC, the conduit committee is required to provide the recipient committee the name of the person who designated the contribution and provide the following information:
- The name and address of the person paid;
- A brief description of the purpose of the expenditure;
- The name of the person contracting for or arranging the expenditure;
- The amount of the expenditure; and

- The date of the expenditure.
- The recipient committee must report the information provided by the conduit committee for each individual whose contribution exceeds and aggregate of \$100.

Anonymous Contributions

If a committee receives any cash contributions from an unknown source, the receiver of the contribution may donate the money to any organization described in § 170(c) of the Internal Revenue Code.

Committees Must NOT Accept Anonymous Contributions

Section 3.4 – Contributor’s Required Information

The committee is required to report the following information about each contributor who contributes an aggregate of more than \$100 in an election cycle:

Name of the Contributor

The report must contain the individual or organization’s name as it appears on the check. The name of the cardholder must be reported for contributions received by credit card. If the contributor submitted their contribution by any other means, then it is the responsibility of the treasurer to retain the name of the contributor for purposes of reporting.

The full name of the contributor is required to be reported, in alphabetical order, on the campaign finance report. For businesses and other types of organizations, the name of the company should be listed in alphabetical order. For individuals, the order must be alphabetical by the person’s last name. The committee must report the full name of the organization. Acronyms are not acceptable.

Address of the Contributor

The full address of the contributor is required to be reported on the campaign finance report. The report must contain the individual or organization’s address as it appears on the check. For contributions received by credit card then the address of the cardholder must be reported. If the contributor submitted their contribution by any other means, then it is the responsibility of the treasurer to retain the address of the contributor for purposes of reporting. Post Office Boxes are acceptable addresses in all instances.

Occupation of the Contributor (Individuals Only)

The occupation of the contributor must not state the title or position of the individual. The report should indicate the type of work the individual is employed to do.

The following is a non-exhaustive list of acceptable occupations:

- Construction
- Marketing
- Financial Advisor
- Entrepreneur
- Student
- Retired
- Homemaker/Housewife

Every person has an occupation even if that occupation is “retired” or “student”. In no case should a committee report the individual’s occupation as “N/A”.

Principal Type of Business (Contributions from Businesses)

The treasurer must enter the type of business for the organization making the contribution. For example, a committee that received a contribution from an electric utility would enter “Electric Utility.”

Date Received

A contribution is considered “received” the date that it knowingly comes into the hands of an “agent” of the committee (“agent” is defined in Section 1.7). Contributions should never be reported as the date that the money is deposited unless the contribution was received on the same date that the contribution is deposited. Contributions should also not be reported as the date written on the check unless that is the same date that the check is received.

If a contribution is provided by credit or debit card on a website, the date the contribution is considered received is the date the contributor submitted their contribution via the website. The treasurer should not report the contribution as being received on the date that the information is reported from the collecting entity to the committee. Contributions received via services such as PayPal should be reported when the funds are released to the committee’s account.

Section 3.5 – Soliciting Contributions

The Virginia Department of Elections strongly recommends that all committees make every effort possible to gather the required information at the time that a contribution is collected even if the contributor’s donation is \$100 or less. Although this information is not required for contributors who contribute \$100 or less, their aggregate contribution may exceed \$100 in the future. If the information is obtained at the time of the first contribution, time and energy will be saved in the future.

Recording Contributor’s Information

When keeping records of contributions, each committee should maintain, at a minimum, the following detailed information:

- Contributor’s full name;
- Contributor’s mailing address;
- Contributor’s occupation, employer and location (city/town and state) of principal place of business if the contributor is an individual;
- Type of business and location (city/town and state) of the corporation or business if the contributor is a business or corporation;
- Type of committee and the location (city/town and state) of the committee if the contributor is a political committee;
- Date contribution received;
- Amount of the contribution; and
- Contributor’s total contributions to date, including “In-Kind” Contributions (see Chapter 4).

Solicitation Form

Certain efforts can be made to secure a contributor’s required information. The Virginia Department of Elections recommends that each contribution be accompanied by a solicitation form and that the form be maintained with a copy of the contribution in the committee’s records.

Each solicitation should include a request for the contributor’s full name, complete mailing address, occupation, name of employer, and location of principal place of business. The following is an example of a solicitation form:

The Great Party

Name: _____

Street Address: _____

City, State, Zip Code: _____

Occupation: _____

Employer: _____

Place of Employment: _____

Contribution Amount: \$ _____

Are you a U.S. Citizen or Have a Valid Green Card: Y N

“Virginia law requires all candidate campaign committees to maintain a record of the name, mailing address, occupation information (includes type of work, employer and principal place of business) for each individual who contributes to our committee. Your information will not be made public if your cumulative contribution is \$100 or less for this calendar year.”

Best Efforts Policy

Most committees, at one time or another, will receive unsolicited contributions which do not include the required information necessary to comply with the Act. In such instances, the committee must make every effort to contact the contributor in order to gather the required information. The Virginia Department of Elections considers a “best effort” made by the committee to include sending a written request to the contributor asking for the required information.

If the campaign finance report is due and, after sending a written request, any of the required information of the itemized contributor is still unknown, it shall temporarily suffice to report “Unable to Obtain” or “Information Requested” in the field missing the required information. The committee is also required to submit, along with the committee’s report, a copy of the written request to the contributor asking for the required missing information. The Virginia Department of Elections does not consider a report complete if more than 20% of the total number of contributors or other required itemized information is missing.

Section 3.6 – Other Contribution Policies

Joint Checks

It is unacceptable to enter two names on the committee’s campaign finance report when referring to one contribution. There are cases when the committee will receive a check which has two names listed in the address field. In most cases, these are contributions written on checks from married couples who have a joint checking account.

In these cases the treasurer must report the contribution as being received by the person who signed the check. This cannot be changed unless there is written authorization from both persons listed on the check. For example, both individuals could sign the check in order to split the contribution between both

individuals listed on the check. Conversely, a solicitation form could be submitted which states that the contribution should be designated to the individual's listed on the solicitation form.

Returned Checks

If a contributor's check is returned by the committee's depository for insufficient funds or is otherwise not accepted by the committee, then the committee has the option to not record the contribution on its report if no report was due between the time the contribution was received and the time that the contribution was returned.

If the contribution was reported on a Campaign Finance report and later returned by the depository for insufficient funds, then the committee has the option to amend the report by removing the contribution. This policy is to prevent potential public embarrassment from a contributor whose bank account was overdrawn.

Contributions by Credit Card

A contribution that is made by credit or debit card may be made either in person, over the telephone or via the Internet. If this method of payment is used, the entire amount charged to the contributor's account must be reported. Any service fees charged to a candidate's campaign committee by the card processing agent must be reported separately on the report as an expenditure by the committee. Even if the company charges the committee a "per transaction fee," the fee per transaction shall not be used to reduce the amount of the contribution shown, but must be reported as an expenditure made by the committee for the period being reported. "Per transaction" fees can be bundled into a single line item on the Schedule of Expenditures.

Contributions During a Legislative Session

Contributions or promises of contributions may not be made, accepted or solicited by the Governor, Lieutenant Governor, Attorney General, any member of the General Assembly or any person acting on behalf of these individuals on and after the first day of a Regular Legislative Session which annually begins on the second Wednesday in January and continues for no less than 45 days in odd years and 60 days in even years. The Regular Session does not end until the General Assembly agrees to *adjournment sine die* which signifies the end of the Regular Session. Contributions can be made to these committees during Special Sessions or during any other non-Regular Legislative Session including the Veto Session.

These restrictions do not apply to contributions made by the Governor, Lieutenant Governor, Attorney General or any member of the General Assembly from their personal funds or to contributions made to the campaign committee of a candidate in a special election.

Section 3.7 – Fundraisers

Many PACs will wish to raise funds for their committees by organizing and hosting fundraisers. There are several issues to be aware of when thinking about organizing fundraisers.

Contributions vs. Expenditures

Purchasing a ticket to a fundraiser is considered a contribution to the committee.

A committee must report all expenditures related to the event. If other persons have paid for particulars of the fundraiser, then they must be reported as in-kind contributions. (See Chapter 4 for more information on in-kind contributions.)

In no case is it acceptable for the committee to defray the costs from the amount raised. The contributions received must be reported independently of the expenses of the event.

Joint Fundraisers

All contributors should write one check for each committee participating in the fundraiser. At no time should a contribution be made to both committees on a single check.

Common Fundraising Scenarios

The Act requires that all contributions collected by individuals for a committee be accompanied by certain identifying information. Anonymous contributions are illegal. As a result of this requirement, The Virginia Department of Elections has provided some examples of fundraising scenarios to avoid:

Pass the Hat

In a “pass the hat” scenario, the persons in the room may already be large contributors. Any additional monies contributed by those contributors would have to be itemized. In this fundraising scenario the contributor’s required information is not being gathered since each contribution is anonymously placed in the “hat”. It is also possible that someone could contribute more than \$100. Anonymous contributions are illegal; therefore, “pass the hat” type fundraisers are also illegal.

Golf Tournaments

In most cases golf tournaments require a monetary contribution to the host committee to participate. Once at the tournament the competitors can purchase “mulligans” or other additional items. The money from these purchases is considered additional contributions to the host committee from the contributor and it is the responsibility of the committee to record the purchaser’s required information. Conversely, the committee could sell “mulligans” and give the money to charity. In this case all contributions should be made out directly to the charity and the campaign should not deposit these funds.

Raffles

According to *Code of Virginia § 18.2-340.15*, political organizations in Virginia may not, under any circumstance, use raffles as a fundraising tool. The Virginia Department of Elections does not regulate this activity. Please see Department of Charitable Gaming’s website for more information: <http://www.dcg.virginia.gov/>.

CHAPTER 4 – Schedule B: In-Kind Contributions

An in-kind contribution is the donation of goods, services, property or anything of value that is offered for free or at less than the usual and normal charge, or payments by a third party for goods or services. This type of contribution does not include a donation of cash, checks, or promissory notes. In-kind contributions must be itemized in the same manner as cash contributions (see Chapter 3 for more information).

Section 4.1 - Types of In-Kind Contributions

Some types of in-kind contributions can include, but are not limited to:

- Voluntary contributions of advertising materials;
- Voluntary contributions of use of an automobile;
- Voluntary contributions of free lodging;
- Voluntary contributions of catering for a fundraiser;
- Voluntary contributions of printing of literature; and
- Voluntary contributions of office space and equipment.

Discounts may also be considered in-kind contributions. A discount is the difference between the usual and normal charge for goods or services and the amount charged to the recipient committee. Committees which are using coupons available to any other consumer should NOT report the discounted amount as an in-kind contribution.

Example 1:

A business entity sells to a committee food or beverages that normally would cost \$1,000, at a discount of 20%. The \$200 savings by the committee is considered an “In-Kind” Contribution from the business entity and this amount should be listed on Schedule B of the disclosure reporting forms. The remaining \$800 would be reported on Schedule D as normal.

Although services provided to a committee can be considered an in-kind contribution, the uncompensated time volunteers spend working for the committee – stuffing envelopes, knocking on doors, etc. is not considered an in-kind contribution.

Example 2:

Mrs. Dee Designer, a professional webpage developer, designs a website for ALL PAC free of charge. Since designing web pages is something Dee would normally charge \$2,500 for doing, she has made an in-kind contribution of \$2,500 to ALL PAC. This \$2,500 counts toward Mrs. Designer’s aggregate contributions to date to the committee.

Dee Designer still wants to do more to help ALL PAC. She volunteers to answer telephones at the committee headquarters and to distribute flyers in the neighborhood. Since answering telephones and distributing flyers is not a service that Dee normally charges for, her activities are NOT considered an in-kind contribution to the committee.

Section 4.2 – In-Kind Contribution vs. Independent Expenditures

An independent expenditure is an expenditure which is intended to benefit a candidate (either by showing support for the candidate, or by showing displeasure with the candidate’s opponent(s)), but one which has not been coordinated with the candidate or an agent of the candidate’s campaign committee. A candidate

or an agent of their committee may have knowledge of an independent expenditure, but that does not necessarily mean that they have received an in-kind contribution.

To qualify as an in-kind contribution, the candidate or an agent of the candidate's campaign committee must have either expressly requested or suggested to the person or committee that the expenditure be made, or the candidate or an agent of the candidate campaign committee must have material involvement in devising the strategy, content, means of dissemination, or timing of the expenditure.

Section 4.3 – Reporting In-Kind Contributions

It is the responsibility of the recipient of the in-kind contribution to obtain the information necessary to a report the receipt of the contribution accurately and timely.

Date Received

In-kind contributions must be reported as being received on the same date that the good or service was received and NOT the date the committee is informed of the cost of the good or service.

Service or Goods Received

As stated above, in-kind contributions can be professional services or material goods offered for free or less than the usual and normal charges or payments for goods or services through a third-party. The committee is required to indicate the type of service or the good received on their campaign finance report.

Basis Used to Determine Value

All in-kind contributions have an attached value whether they are a service or a good. Therefore, the committee is required to report what basis was used in order to determine the value for the service or goods received. The Virginia Department of Elections recognizes only two bases for determining an in-kind contribution's value:

Actual Cost:

This basis must be used when the actual cost of a good or service was determined to be the value of the In-Kind Contribution.

Fair Market Value:

This basis is used when an actual cost is not able to be determined.

Aggregate-to-Date

A contributor's cash contributions are aggregated with their in-kind contributions in cases where a contributor has given both directly and in-kind.

CHAPTER 5 – Schedule C: Rebates, Refunds and Interest

A committee may receive income from sources that are not direct or in-kind contributions. Typically, these are funds received by the committee which did not come from entities who support the committee's stated purpose. These types of income are known as miscellaneous receipts and must be reported on Schedule C of the disclosure report.

Section 5.1 - Types of Miscellaneous Receipts

Bank Interest

Treasurers are allowed to establish depositories that accrue interest. At the end of every month, the bank will report to the committee the amount of interest accrued on the statement. Bank interest is required to be reported on each committee's campaign finance report.

If the treasurer establishes a secondary depository for the purpose of earning interest, such as a money market account, it is required that all interest accrued from that account be reported on Schedule C as well.

*Please note that interest income exceeding \$100 in a calendar year may be subject to federal tax. Please contact the IRS for more information.

Refunded Expenditures

There are situations when a committee issues a check and it is returned to the committee or it is not cashed. In these instances, the committee must report the expenditure (see Chapter 6) and report the income back into the committee on Schedule C.

Rebates

If a committee receives a rebate on a previous expenditure, then it is to be reported on Schedule C. For example, if a committee purchases a computer and the manufacturer rebates the committee \$100 after the purchase, then the receipt of this income must be reported on Schedule C.

CHAPTER 6 – Schedule D: Expenditures

Section 6.1 - Reporting Expenditures

It is the treasurer's responsibility to ensure that all required information is retained at the time that the expenditure is made. The following is what is required to be reported on the committee's schedule of expenditures:

- **Full Name of Payee** - The report must contain the full name of the entity to which the expenditure was paid. For individuals, businesses and persons the full name is required. Entries containing acronyms for companies are not acceptable (unless the entity is more commonly recognized by its acronym [e.g. AARP]).
- **Mailing Address of Payee** - The report must contain the full mailing address of the entity to which the expenditure was paid.
- **Item or Service** - The committee should make every effort to be as descriptive as possible when reporting the item or service that was provided for the expenditure. Vague or incomplete descriptions should be avoided.
- **Date Paid** - The report must list the expenditures in order by the date that the expenditure was made (earliest first). It is not acceptable to report the expenditure on the date that the expenditure cleared the bank account.

Section 6.2 - Other Types of Expenditures

Independent Expenditures

Every person, campaign and political committee who makes an independent expenditure in an aggregate amount of \$1,000 or more for a statewide campaign or \$200 or more for any other election within an election cycle for the candidate supported or benefiting from the expenditure, must file an Independent Expenditure Form within 24 hours of making the expenditure or within 24 hours after the expenditure is disseminated, whichever is first.

Any independent expenditure made by a committee must also be reported on Schedule D of the committee's next required campaign finance report.

Credit Card Expenditures

The Act requires that a committee itemize all credit card expenditures on its campaign finance report. It is not acceptable to report a single expenditure to the credit card company. Each individual item must be reported on the date that the expenditure was made.

The committee should not report the payee as being the credit card company. The payee should be listed as the entity which actually received the funds through use of the credit card. For example, if the candidate uses a credit card to purchase a hotel stay, the report should list the name of the hotel as the payee and NOT the candidate or the credit card company.

Reimbursements

The treasurer may only reimburse authorized members of the committee's staff with a check from the committee's primary depository if the staff member has used their personal funds for an expense made on behalf of the committee. It is the treasurer's responsibility to ensure that proper records for reimbursements are kept.

A reimbursement should not occur if the staff member does not provide the treasurer with a complete record of the expenditure including receipts that identify the nature of the expense and the names and addresses of each entity paid by the staff member who is being reimbursed.

To report a reimbursement, the committee may list the entity which was paid initially on the date that the expenditure was made. For example, on October 1st, Joe Staffer uses his personal credit card to purchase office supplies from "Office Warehouse." On October 9th, Mr. Staffer requests a reimbursement from the treasurer for \$50 providing a receipt for the expenses. On October 12th, the treasurer writes a check for \$50 to Mr. Staffer. In this case, the treasurer would report an expenditure paid on October 1st of \$50 to "Office Warehouse" and not an expenditure of \$50 to Mr. Staffer.

In the case of reimbursements to a single person which account for multiple expenditures of the same nature by said person, it is proper to report the single expenditure made by the campaign committee. For example, if Joe Staffer pays for parking for the month of June at \$6 per day for 20 days, it is proper for the campaign to reimburse Joe Staffer \$120 and report the payee as "Joe Staffer" with the item or service indicated as "Parking for the Month of June."

Entering "reimbursement" in the item or service column is not considered proper disclosure.

Reimbursements for mileage should be valued at the current state rate. The state rate can be found on Virginia's Department of Accounts' website: <http://www.doa.virginia.gov>

Petty Cash Fund

A treasurer may establish a petty cash fund up to \$200. These monies are inclusive of the committee's total expendable funds. The fund should be used for the purpose of making expenditures or reimbursing credit card expenditures of less than \$200. Receipts must be kept and the expenditure made for reimbursement must be reported on the date the expenditure was made and not the date that the reimbursement was provided. The treasurer may replenish the petty cash fund as needed provided the total balance of the fund never exceeds \$200.

CHAPTER 7 – Schedule E: Loans

Section 7.1 – Types of Loans

Loans are funds advanced to a committee that must be repaid sometime in the future. Loans must be recorded on Schedule E of the campaign finance report.

Section 7.2 - Reporting Loan Receipts and Repayments

Loans received and loans repaid are reported on Schedule E only.

When reporting loan payments list the:

- Date the loan was made;
- Name and address of the person making the loan and any co-borrower, guarantor, or endorser of the loan;
- Amount of the loan; and
- Date and amount of any repayment of the loan.

Schedule E – Part I (Income)

Part I of the form requires the disclosure of loans received (income).

Unpaid loans are reported on Schedule F (see Chapter 8) as an unpaid debt until the loan is fully repaid or forgiven.

Schedule E - Part II (Repayment)

Part II of the form requires the disclosure of loans repaid.

Requires the disclosure of loans repaid (expenditure). An expenditure for a loan repayment should never be reported on Schedule D.

Section 7.3 - Forgiving Loans

If there is an outstanding loan to the campaign, the contributor has the option of forgiving the loan and converting it into a contribution. The campaign finance report must show the conversion of the loan to a contribution by listing the outstanding amount on Schedule A as a cash contribution and on Schedule E as a loan repayment.

CHAPTER 8 – Schedule F: Debts Remaining Unpaid

Section 8.1 Types of Reportable Debts

Any obligation for payment for a good, a service or a loan should be listed on Schedule F until the obligation is paid in full.

Virginia's campaign finance system operates on a cash-basis reporting system. Therefore, it is not necessary to report debts for outstanding bills from utility companies, etc.

Loans

As soon as a committee receives a loan, the campaign finance report must report the amount of the loan remaining unpaid on Schedule F.

Section 8.2 - Reporting Outstanding Debts

It is required that the committee enter the full name and mailing address of the creditor, the date that the debt was incurred and the remaining balance of the debt. The committee must continue reporting any debt on Schedule F on each subsequent report until the debt is fully repaid.

Purpose of Obligation

The committee should make every effort to be as descriptive as possible when reporting the purpose of the debt's obligation. Vague or incomplete descriptions must be avoided.

CHAPTER 9 – Schedules G and H: Summary Pages

Schedule G is a statement of the information on contributions, receipts, expenditures and loan transactions for the reporting period.

Schedule H contains a summary of the total of contributions, receipts, expenditures of the current election cycle (current reporting year for committees).

Schedules G and H are used to summarize the data contained in the campaign finance report. Be sure to follow the instructions on each form to accurately complete the schedules.

Negative Balances and Outstanding Debts and Loans

The Virginia Department of Elections will not accept a report if the report shows a negative balance. Negative balances do not occur with correct reporting. A negative balance is usually due to a failure to report all income or a failure to report or properly disclose in-kind contributions.

CHAPTER 10 – Schedule I: Disbursement of Excess Funds

Section 10.1 - Filing a Final Report

All committees are required to file a Final Report in order to discontinue filing campaign finance reports for a committee.

A committee must file a Final Report when the committee determines that they will no longer raise or spend more than \$200 in a calendar year.

Negative Balances, Outstanding Debts and Loans

The Virginia Department of Elections will not accept a Final Report if the report shows a negative balance. In this case, the committee must first amend the appropriate reports and resolve the problem before the Final Report will be accepted.

If there is an outstanding loan to the committee, the lender has the option of forgiving the loan and converting it to a contribution. The campaign finance report must show the conversion of the loan to a contribution by listing the outstanding amount on Schedule A as a cash contribution and on Schedule E as a loan repayment.

Outstanding debts to the committee must be repaid prior to filing a final report.

Section 10.2 – How to Dispose of Surplus Funds

Surplus funds must be properly disposed of by one or any combination of the following methods:

- Transferring the excess to an affiliated organization of the committee;
- Returning the excess to a contributor in an amount not to exceed the contributor's original contribution;
- Donating the excess to any organization described in §170(c) of the Internal Revenue Code;
- Contributing the excess to one or more candidates or to any political committee that has filed a statement of organization;
- Contributing the excess to any political party committee; and
- Defraying any ordinary, non-reimbursed expense related to his elective office.

It is unlawful for any person to convert any contributed moneys, securities, or like intangible personal property to his personal use or to the use of a member of the candidate's "immediate family" as that term is defined in § 30-101.

Section 10.3 – Disbursement of Tangible Items of Value

Gifts of goods to the committee must also be disbursed. The disposition of this type of contribution may be carried out as follows:

- The tangible item may be sold to any buyer for fair market value. The proceeds of the sale must be reported as a rebate on Schedule C and used to pay off the debts of the committee or as part of a surplus distribution.
- The items may be distributed as non-cash surplus to any eligible recipient described above.

- If any item is leased, the committee should simply return the item and discontinue the leasing agreement. If any item is loaned to the committee, it should discontinue use and return the item.

CHAPTER 11 – Special Reports

Section 11.1 – Types of Special Reports

Party committees will sometimes be required to file other reports in addition to the required regular campaign finance reports. These are called “special reports.”

Section 11.2 – Large Contribution Reports

A large dollar contribution report is required at any time that the committee receives a single direct contribution, in-kind contribution or loan of \$10,000 or more from a single source.

When to File Large Contribution Reports

A large dollar contribution report is due within three business days of the actual receipt of the contribution or loan.

Where to File Dollar Contribution Reports

Large Contributions must be filed using COMET or an approved vendor.

Section 11.3 - Independent Expenditure Reports

An Independent Expenditure report is required **within 24 hours** if the committee makes independent expenditures in excess of \$1,000 or more to a candidate for statewide office or in excess of \$200 or more to any other candidate in the aggregate during an election cycle.

Reporting Independent Expenditures

The Independent Expenditure reporting form requires the filer to have the following information:

- **Listing of the candidate(s) supported or opposed, including the office sought;**
- **Identifying the independent expenditures made, the payee, the amount and a description of the expenditure.**

Any independent expenditure filed by the committee must also be reported on the committee’s next required regular campaign finance report.

Where to File Independent Expenditure Reports

The Independent Expenditure report is to be filed **within 24 hours** with the Virginia Department of Elections if the candidate(s) supported or opposed is a candidate for statewide office or the General Assembly.

If the candidate supported or opposed is a candidate for local or constitutional office then the Independent Expenditure report must be filed with the local electoral board of that county or city.

In cases where multiple candidates are supported or opposed in multiple localities, one report must be filed in each candidate’s locality which is supported or opposed.

Independent Expenditure Reports must be filed on paper and can be faxed to the appropriate office to meet the deadline with an original copy sent and postmarked **within 24 hours** after the funds are expended.

When to File Independent Expenditure Reports

Independent Expenditure reports are due **within 24 hours** after the committee has made the expenditure or when the advertisement supporting or opposing the clearly identified candidate is disseminated, whichever is first.

CHAPTER 12 – Where and When to File Campaign Finance Reports

Section 12.1 - Filing Periods

Political Party Committees are required to file the following reports in each calendar year:

Activity Beginning	Activity Ending	Report Due
January 1	March 31	April 15
April 1	June 30	July 15
July 1	September 30	October 15
October 1	December 31	January 15

Section 12.2 - Where and When to File Reports

County, city or local district party committees who file their reports on paper must submit the original, signed report to the Virginia Department of Elections.

Party committees who file electronically file **only** with the Virginia Department of Elections.

When a report's due date falls on a weekend or holiday then the report is due the first business day following the report due date.

- Paper reports that are filed with the Virginia Department of Elections must be mailed and postmarked by the deadline for filing the report.
- Reports that are electronically filed with the Virginia Department of Elections must be filed no later than 11:59 pm on the report's due date.

Section 12.3 - Extension of the Filing Deadline

The *Code of Virginia* authorizes the Virginia Department of Elections to grant an extension of a filing deadline in certain situations. The Virginia Department of Elections will not impose civil penalties if an appropriate written request is received by the report's due date describing any of the following situations:

- Death of treasurer or immediate family of either within the 72 hours before the deadline
- In emergency situations that interfere with the timely filing of reports. The extension is limited in scope to the areas and times affected by the emergency. The extension will be applicable only in the case of an emergency declared by the Governor pursuant to Chapter 3.2 (§ 44-146.13 et seq.) of Title 44 or declared by the President of the United States and confirmed by the Governor by executive order as an emergency.
- In the event of a failure of the computer or electronic filing system that prevents timely filing, the extension will not exceed a period of up to five days after restoration of the computer or filing system to operating order. A receipt stating the date of restoration is required (only the State Board of Elections can grant extensions in this instance).

The following excuses are not sufficient and will not be considered for granting an extension of the filing

deadline. They include, but are not limited to:

- Inclement weather;
- Treasurer or custodian of the books transition that may result in a “paper shuffle;”
- Committee’s lack of knowledge of how to file, the need to file or due date of filing; or
- Committee’s failure to have copies of necessary forms.

Section 12.4 - No Activity Reports

All committees are required to file a report on the required deadlines even if there is no financial activity for the committee, except for bank interest or bank fees, during the reporting period. In such cases, the committee can simply file a cover sheet and fill out the “No Activity” box indicating that there has been no financial activity, other than Bank Interest or Fees. The filer must promise to report all interest and fees on the next required report in which the committee has financial activity.

Committees who file electronically can simply create the electronic report being sure to indicate in the required area that there is no activity for the reporting period.

Section 12.5 - Other Reporting Policies

- It is the responsibility of the filer to ensure that they receive documentation that the statement or report has been received by the Virginia Department of Elections. All receipts should be maintained with the committee’s records.
- E-filers will be provided an automatic receipt at the time that they submit their report. No e-filing committee should consider the Virginia Department of Elections as having received the report until such time as they have been provided a receipt.
- No report can be filed before the date through which activity is required to be complete.
- No report can include activity before or after the reporting period for the report.
- The first report filed must include all activity for the entire period from the time the committee met any of the requirements for establishing the committee.
- Any form required to be filed must be signed and certified as true and correct by the treasurer or custodian of the books required to file it.
- The security code used by the committee when filing electronically is considered the signature as long as the committee has indicated their intention to file electronically.
- In order to close a committee, a Final Report must be filed for that committee or they will be required to file all required reports for that election cycle.

CHAPTER 13 – Campaign Finance Reporting Penalties

Section 13.1 – General Provisions

Any person who violates, or aids, abets, or participates in the violation of, the Act shall be subject to a civil penalty not to exceed \$100.

For purposes of establishing penalties, the *Code of Virginia* creates three categories of violations: (i) the failure to file reports (§24.2-953.1); (ii) the late filing of reports (§24.2-953.2); and (iii) incomplete reports (§24.2-953.3). In addition, a special category exists to provide for additional civil penalties that relate only to statewide campaigns (§24.2-953.4). As to each category, the Code provides for a specific range of civil penalties and, where appropriate, the type of notice that must be provided before a penalty may be imposed.

The sections relating to the failure to file reports (§24.2-953.1) and the late filing of reports (§24.2-953.2), do not require that notice be provided before the imposition of penalties. Thus, if the statutory filing deadline is missed, the penalty is automatically triggered.

The procedure to be filed for the assessment of penalties relating to incomplete reports is governed by §24.2-953.3. It provides, in part: “Prior to assessing a penalty ...for the filing of an incomplete report, the Commissioner of the Virginia Department of Elections shall notify, by certified mail, the treasurer, or person or political committee required to file a report...No penalty shall be assessed if the information required to complete the report is filed within 10 days of the date of mailing the written notice.”

In a similar fashion, §24.2-953.4, which provides for additional penalties relating to statewide races, also explicitly requires that a prior notice must be given before a penalty may be imposed. It provides, in relevant part: “Prior to assessing a penalty pursuant to this section the Commissioner shall notify...the candidate and treasurer in writing that a report has not been filed or that a filed report has not been completed...No penalty shall be assessed pursuant to this section if the report or information required to complete the report is filed within seven days of the date of mailing the written notice.”

It will be noted that the above analysis does not address the terms of §24.2-953, which does contain a 60 day notice provision. Said provision does not relate to the imposition of civil penalties. Instead, it relates solely to the steps that might be followed if the Virginia Department of Elections seeks to create a rebuttable presumption of willfulness as to the violation of campaign finance laws. The potential of a rebuttable presumption is only triggered, however, after actual receipt of the mailing and only after the passage of 60 days, a time period much greater than that necessary to impose a penalty under §24.2-953.3 (10 days) and §24.2-953.4 (7 days).

The Virginia Department of Elections has formally adopted the following schedules for the assessments of civil penalties. To ensure uniformity throughout the state, this schedule must be followed when the filing officer is assessing civil penalties.

“Official Notification,” or any variation of this phrase, as stated within this chapter refers to the letter sent via United States Postal Service Certified Mail to the committee’s primary mailing address as reported on the committee’s most recently filed Statement of Organization. The date of “official notification” is either the date that the letter is received and signed for or the date on which the USPS returned the mail to the Virginia Department of Elections. The notification is considered made even if the notification is not signed for, or was undeliverable, so long as the notification was sent to the committee’s primary mailing address.

Section 13.2 - Procedure to Collect Penalties for Campaign Finance Reports

1st Late Report = \$100 civil penalty automatically imposed after the conclusion of the report's filing deadline. The Virginia Department of Elections or the local general registrar will notify the committee of civil penalty and collection procedures via email or regular postal mail. If the payment is not received within 60 days of the deadline, the matter is referred to the appropriate Attorney for the Commonwealth for collection.

2nd Late Report = \$1000 civil penalty automatically imposed after the conclusion of the report's filing deadline. The Virginia Department of Elections or the local general registrar will notify the committee of civil penalty and collection procedures via email or regular postal mail. If the payment is not received within 60 days of the deadline, the matter is referred to the appropriate Attorney for the Commonwealth for collection.

Failure to File Report = if no report is filed within 60 days of the due date, the Virginia Department of Elections or the local general registrar will notify the committee via certified mail. The penalty will increase to \$1000 for second or subsequent violations.

If delivery of the certified letter to the committee's primary mailing address is returned undeliverable or the recipient refused to sign, then the matter shall immediately be referred to the appropriate Attorney for the Commonwealth.

Section 13.3 – Penalty Schedule for Incomplete Reports

Best Efforts Policy

Once reports are received, the Virginia Department of Elections is required to review the reports and provide requests for additional information to the committee within 21 days of the deadline. The committee's failure to file an amended report or late filing of an amended report will be assessed civil penalties.

In conducting its review, the Virginia Department of Elections is required to check the following information:

- that the report is legible;
- that missing information in required fields such as "N/A", "none", "unknown" etc. In fields where "requested" or "unable to obtain" is entered, verify that copies of letters to the contributors requesting this information have been filed;
- that the beginning balance of the current report (Schedule H, Line 16) equals the ending balance of the previous period's report (Schedule H, Line 19);
- that Line 19 and Line 29 on Schedule H match;
- that contributions are reported in alphabetical order on Schedule A and Schedule B as required by § 24.2-947.4;

- that expenditures are reported in chronological order (earliest first) on Schedule D;

If any required information is not included or the report is not completed properly, the report is deemed incomplete. However, the Virginia Department of Elections has determined that some missing information does not necessarily mean that a report should be considered incomplete. The Virginia Department of Elections has adopted this “Best Efforts” policy in order to comply with the requirements of § 24.2-953.3.

Therefore, Campaign Finance reports are not considered incomplete if:

- 1) Less than 20% of contributors are missing required information on Schedule or Schedule B; or less than 20% of any other itemized information does not include the required information.
*For example, if there are 100 itemized contributors on Schedule A, then no more than 20 of those contributors can have missing information.

AND

- 2) Letters requesting the required information from those contributors is filed with the report.

If these conditions are not met, then the report is considered incomplete and a letter requesting an amended report will be mailed to the committee. Failure to amend the report within 10 days of the date of the letter will result in a \$100 civil penalty being assessed to the committee.

If the requested amended report is not filed within 120 days of the specified deadline, then the violation is presumed willful and the matter will be forwarded to the appropriate Attorney for the Commonwealth.

Section 13.4 - Willful Violations

A willful violation occurs when the Virginia Department of Elections or an investigation by an Attorney for the Commonwealth or the Attorney General’s office determines that the person or committee intentionally attempted to subvert the provisions of the Act.

In the case of willful violation, a committee will be guilty of a Class 1 misdemeanor and the Attorney for the Commonwealth will initiate civil proceedings to enforce any civil penalties prescribed. There will be a rebuttable presumption that the violation of the Act was willful if the violation is based on a committee’s failure to file a report required and its failure to file continues for more than 60 days following the official notification by the Virginia Department of Elections.

The person accepting a “PAID ADVERTISEMENT” for the newspaper, magazine or periodical will require and for one year, retain a copy of, proof of the identity (government issued identification) of the person who submits the advertisement for publication when the authorization statement on the advertisement is made by any person other than the:

Print media advertisements appearing in an electronic format must be displayed in a font size proportionate to the size of the advertisement. However, if the advertisement lacks sufficient space for a disclosure statement of at least the minimum seven (7) point font, then the advertisement will meet the disclosure requirements if, by clicking on the advertisement, the viewer is taken to a landing page or a home page that displays the required disclosure statement in a conspicuous manner.

“Paid for by...” Statement

Every political advertisement sponsored by a political party committee that appears in print media must state who paid for the advertisement. The committee can replace the “Paid for by...” statement with “Authorized by...”. In an advertisement supporting or opposing the nomination or election of one or more clearly identified candidates, the sponsor must state whether it is authorized by a candidate. Committees will be considered to have complied with the law if the disclosure legend or statement conveys the required information.

The disclosure statement may be placed at any point during the advertisement. However, if the advertisement is more than five minutes, the statement must be made both at the beginning and the end of the advertisement.

In the case of a television advertisement that has one or more sponsors, the disclosure statement must name all of the sponsors.

A violation of these disclaimer requirements will not void any election.

It is unlawful for any person or political committee making campaign telephone calls to intentionally modify the caller identification information for the purpose of misleading the recipient as to the identity of the caller.

It is unlawful for any party committee to make campaign telephone calls or to contract with persons making telephone calls without disclosing, before the conclusion of each telephone call, information to identify the party committee who has authorized and is paying for the calls unless such call is terminated prematurely by means beyond the maker's control. The person making the campaign telephone calls must disclose the following information prior to the conclusion of the call:

- The full name of the political party committee (as is written on the committee's most recently filed Statement of Organization) paying for the call; and

At least 10 days prior to such hearing, the Virginia Department of Elections shall send notice by certified mail to persons whose actions will be reviewed at such meeting and may be subject to civil penalty.
