CHAPTER 1 – General Information

Section 1.1 - Purpose of *Summary*

In accordance with §24.2-946, the Virginia Department of Elections has prepared this *Summary of Virginia's Campaign Finance Laws and Policies for Out-of-State Political Committees* (hereafter referred to as “*Summary*”), which will assist treasurers on how to file the required campaign finance reports and outlines the provisions of the Campaign Finance Disclosure Act (CFDA or the “Act”), Chapters 9.3 and 9.4 of Title 24.2 of the *Code of Virginia* and the policies adopted by the Virginia Department of Elections related to those laws.

It is important to understand that there is more to the law than just timely filing the required campaign finance reports. As a candidate or treasurer, you should familiarize yourself with this *Summary* for it will serve as a valuable resource.

The Virginia Department of Elections makes this *Summary* available on the Internet to all Out of State Committees, their treasurers and the general public. The Virginia Department of Elections will also mail a copy of this *Summary* upon request.

Section 1.2 - Campaign Finance Staff

The Virginia Department of Elections staff is available to assist you in preparing reports and interpreting the requirements of the CFDA. Should you have questions or require clarification, contact:

CFDA@elections.virginia.gov

Section 1.3 - Related Publications

Campaign Finance resources found online at the Virginia Department of Elections website:
<https://www.elections.virginia.gov/candidatepac-info/campaign-finance/>

Candidates will also need to familiarize themselves with the appropriate candidate bulletin for the office they seek. These can be found online at the Virginia Department of Elections website:
<https://www.elections.virginia.gov/candidatepac-info/candidate-bulletins/>

Section 1.4 - Elections Not Covered

The provisions of CFDA do not apply to primaries and elections for:

- **Members of the United States Congress;**
- **President and Vice President of the United States;**

- **Town office in a town with a population of less than 25,000 and the town has not adopted an ordinance;**
 - **§24.2-945 allows, by adoption of an ordinance, the governing body of any town with a population of less than 25,000 may provide that the provisions of the Act shall be applicable to elections for town offices in the town.**
- **Political Party Committee Officers.**

In addition, persons (defined below) that make contributions from their direct operating or personal funds are not subject to the requirements of CFDA. However, they are subject to reporting requirements if they make an Independent Expenditure in excess of \$1,000 for a statewide election or \$200 for any other election (see § 24.2-945.2).

Section 1.5 - Federal Candidates and Committees

A federal candidate is required to file campaign finance reports with the Federal Election Commission (FEC). The FEC (and *not the Virginia Department of Elections*) enforces federal campaign finance laws. The following are candidates who must file with the FEC, not the Virginia Department of Elections:

- **President of the United States;**
- **Vice-President of the United States;**
- **United States Senate;**
- **United States House of Representatives; or**
- **any political committee wishing to support or oppose these *federal candidates*.**

These committees must contact the Federal Election Commission (FEC) to obtain forms and information pertaining to federal campaign finance requirements and filing deadlines. You may contact the FEC at:

800-424-9530 (toll-free) or 202-694-1100 (within the Washington, D.C. area)
<https://www.fec.gov/> – Internet address
 1050 First Street, NE, Washington, DC 20463 – U.S. Mail

Federal Committees that are registered with the Virginia Department of Elections who file their reports with the FEC are not required to file campaign finance reports with the Virginia Department of Elections. Candidates for office in Virginia may accept contributions from these types of candidates or political committees. However, it is important for you to review the provisions of § 24.2-947.3:1 and Section 3.7 of this Summary prior to accepting contributions from these types of committees.

The Virginia Department of Elections has no authority to provide any guidance regarding federal tax laws. Please contact the Internal Revenue Service if you have questions regarding your committee's tax filing requirements. Their website address is <https://www.irs.gov/charities-and-nonprofits>.

Section 1.6 - Cash-Basis Reporting

In a cash-basis reporting system, contributions are reported when the cash is received. Expenditures are reported in the reporting period when the expenditures are paid. Therefore, it is important to remember that, in Virginia, contributions are reported on the dates when the funds are actually received (not deposited) and on the dates when the funds are actually expended. It is very similar to the method that most people use to balance their check books.

The exceptions to this rule apply only in cases where debts on material goods have been received or for in-kind contributions with regard to services or advertisements purchased on behalf of a candidate where coordination has also occurred (See Chapter 4). Since no money is actually changing hands in this type of contribution, the information should be reported on the same date that the service was provided or when the advertisement benefiting the candidate was disseminated.

Section 1.7 - Definitions

The following are definitions of the terms used in this *Summary* that are of principal importance to treasurers. Please keep in mind that some of the terms, while not specifically defined in CFDA, are useful in understanding this document. If you wish to read the exact definitions as they appear in CFDA, you may refer to §§ 24.2-945.1, 24.2-955.1 or 24.2-101 or of the *Code of Virginia*.

Adjournment sine die – Adjournment on the last legislative day of the regular session (the regular session does not include the ensuing reconvened session or any special session following in the same year).

Candidate – as defined in §24.2-101. An individual who seeks nomination for election, or election to public office, in the Commonwealth of Virginia whether or not that person’s name is on the ballot. The definition includes ‘write-in’ candidates. An individual is considered, for campaign finance purposes

only, a candidate seeking nomination for election or re-election under the provisions of the Act if they have:

- **Provided payment of a filing fee for any party nomination method;**
- **Submitted a Statement of Qualification form (see § 24.2-501) (whether or not funds or resources have been solicited, received or expended);**

- **Has appointed a campaign treasurer, designated a campaign committee, or designated a campaign depository;**

Failure to File – Any required campaign finance report not received by the Virginia Department of Elections or local electoral board within 60 days after official notification from the Virginia Department of Elections or local electoral board. In-Kind Contribution – The donation of goods, services, property or anything else of value that is offered for free or less than the usual and normal charge; or payments by a third party for goods and services rather than money. The basis for arriving at the dollar value of an In-Kind gift is as follows: new items are valued at retail value; used items are valued at fair market value and services rendered are valued at the actual cost of service per hour. Services are not to include personal services (outside of the person's professional occupation) for which no compensation is asked or given.

"Primary purpose"- Means that 50% or more of the committee's expenditures made in the form of contributions shall be made to candidate campaign committees or political committees registered in Virginia. CHAPTER 2 – Statement of Organization

Section 2.1 - Becoming an Out-of-State Political Committee

An out-of-state political committee is typically a § 527 organization not registered with the Federal Election Commission or a political committee that is filing campaign finance reports with another state. “Out-of-State” is not a geographical determinant. Instead, it refers to any political organization that was organized for purposes other than to influence the outcome of a non-federal Virginia election. The term does **not** include political action committees registered with the Federal Election Commission or organizations holding tax-exempt status under § § 501(c)(4) or 501(c)(6) of the U.S. Internal Revenue Code.

To qualify as an out-of-state political committee, the organization must not have made contributions to non-federal candidates or political committees registered in Virginia totaling more than 50% of their total expenditures (as defined under primary purpose) during a calendar year. For example, if a committee has made \$100,000 in expenditures during the current year, and \$50,000 or more of those expenditures were contributions to candidates or political committees in Virginia, then the committee qualifies as a PAC under the definition of “primary purpose,” in Virginia. Committees of this nature should refer to the *Summary of Laws and Policies for Political Action Committees (PACs)*. Otherwise, the committee should consider itself an out-of-state political committee.

An out-of-state political committee is free to make contributions up to \$9,999.99 per calendar year, in the aggregate, to candidates and political committees registered in Virginia without having to register with the Virginia Department of Elections. However, once the committee’s total aggregate contributions reach \$10,000 or more in a calendar year to Virginia candidates, then the committee must register with the Virginia Department of Elections and file a Statement of Organization for an Out of-State PAC. The threshold stated in this paragraph applies to **all** contributions and not just contributions to a single candidate or committee.

Corporations and unions that contribute from their direct operating funds are not subject to the requirements of the Act unless these organizations make an independent expenditure that benefit a non-federal Virginia candidate or political committee.

Contributions from Other Out-of-State Committees

Any § 527 organization which has contributed \$50,000 to the registered out-of-state committee is also required to register with the Virginia Department of Elections and file the required campaign finance reports.

Section 2.2 – Establishing an Out-of-State Political Committee

The committee must submit a *Statement of Organization* on or before the date in which the committee makes contributions to non-federal Virginia candidates or political committees total aggregate of \$10,000 or more in a calendar year.

The Statement of Organization

The following information is required on the committee’s *Statement of Organization*:

- ¢ **The name of the committee and its address;**

- ¢ **The names, addresses, and relationships of affiliated or connected organizations;**
- ¢ **The area, scope, or jurisdiction of the political action committee;**
- ¢ **The name and business address of the treasurer and his residence address who shall be deemed the agent of the political action committee for the purpose of service of process on the political committee;**
- ¢ **The name, residence address, business address, and position of the custodian of the books and accounts, who works under the direction of the treasurer, and the address where the books are maintained;**
- ¢ **The name, address, office sought, and party affiliation of each individual whom the political action committee is supporting or opposing for nomination or for election to any public office whatever or, if supporting the entire ticket of any party, the name of the party;**
- ¢ **The designated depository to be used for the receipt and holding of funds and contributions received by the political action committee. The committee is not required to establish a depository account in a financial institution in the Commonwealth.**
- ¢ **Its taxpayer identification number; and**
- ¢ **A list of other federal and state agencies with which it is required to file financial disclosure information and registration numbers for the committee with each of these agencies.**

Mailing Address

The *Statement* must include the primary mailing address of the committee. Post office boxes are acceptable. This address will be the Virginia Department of Elections primary mailing address and all official notifications will be sent to this address. It is the responsibility of the committee's treasurer to ensure that the Virginia Department of Elections has the most recent mailing address filed with us on the committee's Statement of Organization.

Affiliated Organizations

The committee must disclose any and all affiliated organizations on their *Statement of Organization*. An affiliated organization includes, but is not limited to: the affiliated federal PAC, corporation, membership association, union, etc.

Area, Scope or Jurisdiction

. The committee must disclose on its Statement of Organization if they intend to influence local (if so, which cities or counties), General Assembly or Statewide elections.

List of Candidates Supported

The committee must disclose, at its time of registration, the names, addresses and party affiliation of each candidate supported or opposed. If the committee intends to support a particular political party then the committee can simply list the name of the political party.

Treasurer Information

The name and residence as well as business mailing address of the treasurer must be disclosed.

Custodian of the Books

The name and mailing address of the custodian of the books as well as the address where the books are maintained must be disclosed.

Section 2.3 - Where to File the Statement of Organization

Committees must file an original, signed copy of their Statement of Organization with the Virginia Department of Elections on or before the date that the committee makes contributions totaling \$10,000 or more to any registered candidate or political committee in Virginia in a calendar year.

Copied or faxed versions of the *Statement of Organization* will **not** be accepted and will **not** be considered timely filed. The form must be an original, signed copy unless otherwise stated above. All committees must maintain a copy of this form for their records.

Amending the Statement of Organization

The committee must file an amended *Statement of Organization* within 10 days of any change to the committee's information (e.g., a change in address) to the Virginia Department of Elections.

Committees have ten days from the date of any change to file an amended *Statement of Organization*. If all information remains the same the original *Statement of Organization* will continue in effect until a Final Report is filed or until a change in the information occurs.

CHAPTER 3 – Reporting Requirements

An out-of-state political committee must file a reporting of its contributors and a list of contributions made to candidates and political committees registered in Virginia on the same date in which it submits its *Statement of Organization* to the Virginia Department of Elections. Subsequent reports are due on the same date in which the committee makes additional contributions to candidates or political committees registered in Virginia. All out-of-state committee reporting is done online through the Virginia Department of Elections website: <https://cf.elections.virginia.gov>

Section 3.1 – Schedule A: List of Direct Contributors

On its report, the committee must itemize all entities which have given to the committee an aggregate amount of \$2,500 since the immediately preceding January 1.

Contributions from Other Out-of-State Committees

Any § 527 organization which has given \$50,000 to the registered out-of-state committee is also required to register with Department of Elections and file the required campaign finance reports.

Section 3.2 – Contributor’s Required Information

Name of the Contributor

The full name of the contributor is required to be reported, in alphabetical order by last name, on the campaign finance report. For businesses and other types of organizations, the name of the company should be listed in alphabetical order. The committee must report the full name of the organization. Acronyms are not acceptable.

Address of the Contributor

The full address of the contributor is required to be reported on the campaign finance report. Post office boxes are acceptable addresses in all instances.

Occupation of the Contributor (Individuals Only)

The occupation of the contributor must not state the title or position of the individual. The report should indicate the type of work of the individual is employed to do.

The following is a non-exhaustive list of acceptable occupations:

- **Construction;**
- **Marketing;**
- **Financial Advisor;**
- **Entrepreneur;**
- **Student;**
- **Retired;**

- **Homemaker/Housewife.**

Every person has an occupation even if that occupation is “retired” or “student.” In no case should a committee report the individual’s occupation as “N/A..”

Principal Type of Business (Non-Individuals Only)

The treasurer must enter the type of business for that organization. For example, a committee that received a contribution from an electric utility would enter “Electric Utility.”

Place of Employment (Individuals Only)

The treasurer must enter the city and state where the individual is employed.

Place of Business (Non-Individuals Only)

The treasurer must enter the city and state where the business is located. It is sufficient to list the city and state where the businesses headquarters are located.

Date Received

A contribution is considered received the date that it knowingly comes into the hands of an “agent” of the committee (“agent” is defined in Section 1.7). Contributions should never be reported as the date that the money is deposited unless the contribution was received on the same date that the contribution is received. Contributions should also not be reported as the date written on the check unless that is the same date that the check is received.

Contributions by Credit Card

If a contribution is provided by credit card on a website, the date that the contribution is considered received is the date that the contributor entered their information into the website. The treasurer should not report the contribution as being received on the date that the information is passed from the collecting agency to the committee. Contributions received via services such as PayPal should be reported when the funds are released to the committee’s account.

Section 3.3 – Soliciting Contributions

Best Efforts Policy

The Virginia Department of Elections strongly recommends that all committees make every effort possible to gather the required information at the time that a contribution is collected even if the contributor's donation is \$100 or less. Although this information is not required for contributors who contribute \$100 or less, their aggregate contribution may exceed \$100 in the future. If the information is obtained at the time of the first contribution, time and energy will be saved in the future.

Section 3.4 - Contributions from FEC PACs and Out-of-State Political Committees.

Prior to accepting contributions of \$10,000 or more in the aggregate in **any calendar year** from a political committee registered with the Federal Election Commission or from an out-of-state political committee, the committee must request the Virginia Department of Elections supplied registration number from the committee and verify that number with the Virginia Department of Elections. This can be done by sending an email to the Virginia Department of Elections at cfda@elections.virginia.gov.

Therefore, it is important that the treasurer verify the registration status of a political committee before the committee accepts a contribution from any political committee that aggregates to \$10,000 or more in the calendar year.

Best Efforts Policy

Most committees, at one time or another, will receive unsolicited contributions which do not include the required information necessary to comply with the Act. In such instances, the committee must make every effort to contact the contributor in order to gather the required information. The Virginia Department of Elections considers a “best effort” made by the committee to include sending a written request to the contributor asking for the required information.

If the campaign finance report is due and, after sending a written request, any of the required information of the itemized contributor is still unknown, it shall temporarily suffice to report “Unable to Obtain” or “Information Requested” in the field missing the required information. The committee is also required to submit, along with the committee's report, a copy of the written request to the contributor asking for the required missing information. The Virginia Department of Elections does not consider a report complete if more than 20% of the total number of contributors or other required itemized information is missing.

Section 3.5 – Schedule B: List of In-Kind Contributions

In-Kind Contribution vs. Independent Expenditures

An independent expenditure is an expenditure which is intended to benefit a candidate (either by showing support for the candidate, or by showing displeasure with the candidate's opponent(s)), but one which has not been coordinated with the candidate or an agent of the candidate's campaign committee. A candidate or an agent of their committee may have knowledge of an independent expenditure, but that does not necessarily mean that they have received an in-kind contribution.

To qualify as an in-kind contribution, the candidate or an agent of the candidate's campaign committee must have either expressly requested or suggested to the person or committee that the expenditure be

made, or the candidate or an agent of the candidate campaign committee must have material involvement in devising the strategy, content, means of dissemination, or timing of the expenditure.

Reporting In-Kind Contributions

It is the responsibility of the recipient of the in-kind contribution to obtain the information necessary to report the contribution. If the treasurer of the committee has coordinated with the person or committee providing the in-kind contribution, then the committee is responsible for accurately reporting the in-kind contribution.

The required contributor information for reporting in-kind contributors is the same as for reporting the list of direct contributions. A few differences are outlined below:

Date Received

In-kind contributions must be reported as being received on the same date that the good or service was received and **NOT** the date the committee is informed of the cost of the good or service.

Service or Goods Received

As stated above, in-kind contributions can be professional services or material goods offered for free, or for less than the usual and normal charges or payments for materials through a third-party. The committee is required to indicate the type of service or the good received on their campaign finance report.

Basis Used to Determine Value

All in-kind contributions have an attached value whether they are a service or a good. Therefore, the committee is required to report what basis was used in order to determine the value for the service or goods received. The Virginia Department of Virginia recognizes only two bases for determining an in-kind contributions value:

Actual Cost:

This basis must be used when the actual cost of a good or service was determined to be the value of the In-Kind Contribution. This is typically used when determining the value for goods bought by a third-party.

Fair Market:

This basis is used when an actual cost is not able to be determined.

Aggregate-to-Date

A contributor's cash contributions are aggregated with their in-kind contributions in cases where a contributor has given both directly and in-kind.

Section 3.6 - Schedule D: Contributions Made to Candidates or Political Committees Registered in Virginia

The report also must include a listing of all contributions made by the out-of-state political committee to candidates and political committees registered in Virginia.

Full Name of Candidate or Political Committee

The report must contain the full name of the candidate or political committee to which the contribution was made.

Mailing Address of Payee

The report must contain the full mailing address of the candidate or political committee to whom the contribution was made.

Date Paid

The report must list the expenditures in order by the date that the expenditure was made (earliest first). It is not acceptable to report the expenditure on the date that the expenditure cleared the bank account.

Section 3.7 - Filing a Final Report

The committee may choose to file a final report at any time. The report must clearly indicate that it is the final report for the committee and must be signed by an officer of the committee indicating as such

A final report should not be filed if the committee anticipates making contributions to candidates or political committees in the future.

CHAPTER 4 – Where and When to File Campaign Finance Reports

Section 4.1 - Filing Periods

Out-of-State political committees are required to file a report on the same day as when one of the following occurs:

- ☒ **The committee makes contributions which place them above the \$10,000 threshold; or**
- ☒ **When, after filing their first report, the committee makes additional contributions of any amount to candidates or political committees registered in Virginia.**

Section 4.2 - Where to File Reports

Upon the date of registration, the Virginia Department of Elections will provide the treasurer or custodian of the books the necessary committee code and security code to access the on-line form required to file the committee's reports. All Out-of-State Committees same day reporting is done on-line through the Virginia Department of Elections website: <http://www.elections.virginia.gov/campaignfinance.html>

Section 4.3 - Extension of the Filing Deadline

The *Code of Virginia* authorizes the Virginia Department of Elections to grant an extension of a filing deadline in certain situations. The Virginia Department of Elections will not impose civil penalties if an appropriate written request is received by the report's due date describing any of the following situations:

- ☒ **Death of treasurer or immediate family of either within 72 hours of report due date;**

The following excuses are not sufficient and will not be considered for granting an extension of the filing deadline. They include, but are not limited to:

- ☒ **Inclement weather;**
- ☒ **Treasurer or custodian of the books transition that may result in a “paper shuffle;”**
- ☒ **Committee's lack of knowledge of how to file, the need to file or due date of filing; or**
- ☒ **Committee's failure to have copies of necessary forms.**

The Commissioner of the Virginia Department of Elections has additional authority to extend an established filing deadline for filing during emergency situations that interfere with the timely filing of

reports. The extension shall be limited in scope to the areas and times affected by the emergency. The emergency extensions can only be granted in the case of an emergency declared by the Governor pursuant to Chapter 3.2 (§ 44-146.13 et seq.) of Title 44 or declared by the President of the United States and confirmed by the Governor by executive order as an emergency.

Section 4.4 - Other Reporting Policies

- ¢ It is the responsibility of the filer to ensure that they receive documentation that the statement or report has been received by the Virginia Department of Elections. All receipts should be maintained with the committee's records.
- ¢ E-filers will be provided an automatic receipt at the time that they submit their report. No e-filing committee should consider the Virginia Department of Elections as having received the report until they press the confirm button and print the electronic receipt.
- ¢ No report can be filed before the activity ending date which is required to be complete.
- ¢ No report can include activity before or after the reporting period for the report.
- ¢ The first report filed must include all activity for the entire period from the time the committee met the requirements for establishing the committee.
- ¢ The security code used by the committee when filing electronically is considered the signature as long as the committee has indicated their intention to file electronically.
- ¢ In order to close a committee, a Final Report must be filed for that committee or they will be required to file all required reports for that election cycle.

CHAPTER 5 – Campaign Finance Reporting Penalties

Section 5.1 – General Provisions

Any person who violates, or aids, abets, or participates in the violation of, the Act shall be subject to a civil penalty not to exceed \$100.

For purposes of establishing penalties, the *Code of Virginia* creates three categories of violations: (i) the failure to file reports (§24.2-953.1); (ii) the late filing of reports (§24.2-953.2); and (iii) incomplete reports (§24.2-953.3). In addition, a special category exists to provide for additional civil penalties that relate only to statewide campaigns (§24.2-953.4). Furthermore, the *Code* provides an additional category for penalties relating to out-of-state political committees (§24.2-953.5). As to each category, the Code provides for a specific range of civil penalties and, where appropriate, the type of notice that must be provided before a penalty may be imposed.

The sections relating to the failure to file reports (§24.2-953.1) and the late filing of reports (§24.2-953.2), do not require that notice be provided before the imposition of penalties. Thus, if the statutory filing deadline is missed, the penalty is automatically triggered.

The procedure to be filed for the assessment of penalties relating to incomplete reports is governed by §24.2-953.3. It provides, in part: “Prior to assessing a penalty ...for the filing of an incomplete report, the Commissioner, or the general registrar, as appropriate, shall notify, by certified mail, the candidate and treasurer, or person or political committee required to file a report...No penalty shall be assessed if the information required to complete the report is filed within 10 days of the date of mailing the written notice.”

In a similar fashion, §24.2-953.4, which provides for additional penalties relating to statewide races, also explicitly requires that a prior notice must be given before a penalty may be imposed. It provides, in relevant part: “Prior to assessing a penalty pursuant to this section the Commissioner shall notify...the candidate and treasurer in writing that a report has not been filed or that a filed report has not been completed...No penalty shall be assessed pursuant to this section if the report or information required to complete the report is filed within seven days of the date of mailing the written notice.”

Furthermore, §24.2-953.5, which provides for additional penalties relating to out-of-state political committees, states that “Acceptance of contributions of \$10,000 or more in the aggregate in any calendar year from an unregistered federal political action committee or out-of-state political committee shall result in a civil penalty equal to the amount of the contributions made to a candidate campaign committee or political committee.”

The Virginia Department of Elections has formally adopted the following schedules for the assessments of civil penalties. To ensure uniformity throughout the state, this schedule must be followed when the filing officer is assessing civil penalties.

“**Official Notification,**” or any variation of this phrase as stated within this chapter refers to the letter sent via United States Postal Service Certified Mail to the committee’s primary mailing address as reported on the committee’s most recently filed Statement of Organization. The date of “official notification” is either the date that the letter is received and signed for or the date on which the USPS returned the mail to the Virginia Department of Elections or the local electoral board. The notification is considered made even if the notification is not signed for so long as the notification was sent to the committee’s primary mailing address.

Section 5.2 - Procedure to Collect Civil Penalties for Campaign Finance Reports

Late Report = \$100 civil penalty automatically imposed after the conclusion of the report's filing deadline. The Virginia Department of Elections or the general registrar board will notify the committee of civil penalty and collection procedures via email or regular postal mail. If the payment is not received within 60 days of the deadline, the matter is referred to the appropriate Attorney for the Commonwealth for collection.

Failure to File Report = if no report is filed within 60 days of the due date, the Virginia Department of Elections or the general registrar board will notify the committee via certified mail. The penalty will increase to \$500 and the committee will be provided an additional 60 days to submit the report. If, after 60 days has passed, the committee has not filed the report, then the matter is sent to the appropriate Attorney for the Commonwealth for collection and determination as to whether the violation is willful. The penalty notification will increase from \$500 to \$1000 if second or subsequent violations.

If delivery of the certified letter to the committee's primary mailing address is returned undeliverable or the recipient refused to sign, then the matter shall immediately be referred to the appropriate Attorney for the Commonwealth.

The general registrar of a county or city will notify the Commonwealth's Attorney for the county or city in which the general registrar has jurisdiction.

For candidates for the General Assembly, the Virginia Department of Elections will notify the Commonwealth's Attorney of the county or city of the residence of the candidate in violation. For candidates for statewide office, the Virginia Department of Elections will notify the Commonwealth's Attorney for the City of Richmond.

Candidates for the General Assembly or statewide office must make their checks payable to "Treasurer of Virginia" for deposit to the General Fund. Candidates for local office must make their checks payable to the treasurer of their locality for deposit to their General Fund.

Section 5.3 – Penalty Schedule for Incomplete Reports

Best Efforts Policy

Once reports are received, the Virginia Department of Elections or general registrar is required to review the reports and provide requests for additional information to the committee within 21 days of the deadline. The committee's failure to file an amended report within 10 days of the mailing of the written notice of a required amended report will be assessed civil penalties.

In conducting its review, the Virginia Department of Elections and the general registrar are required to review the following:

- The report is legible;
- There is no missing information in required fields or descriptions such as "N/A," "None," "Unknown," etc. In the fields where "requested" or "unable to obtain" is entered, verify that copies of letters to the contributors requesting this information have been filed;
- The beginning balance of the current report (Schedule H, Line 16) equals the ending balance of the previous period's report (Schedule H, Line 19).
- Verify that Line 19 and Line 29 on Schedule H match;
- Contributions are reported in alphabetical order on Schedule A and Schedule B as required by §24.2-947.4;

- Expenditures are reported in chronological order (earliest first) on Schedule D; and
- Expenditure descriptions are relevant.

If any required information is not included or the report is not completed properly, the report is deemed incomplete. However, the Virginia Department of Elections has determined that some missing information does not necessarily mean that a report should be considered incomplete. The Virginia Department of Elections has adopted this “Best Efforts” policy in order to comply with the requirements of § 24.2-953.3.

Therefore, Campaign Finance reports should not be considered incomplete if:

- 1) Less than 20% of required information is on Schedule or Schedule B; or less than 20% of any other itemized information does not include the required information.

*For example, if there are 100 itemized contributors on Schedule A, then no more than 20 of those contributors can have missing information.

AND

- 2) Letters requesting the required information from those contributors is filed with the report.

If these conditions are not met, then the report is considered incomplete and a letter requesting an amended report will be mailed to the committee.

If the requested amended report is not filed within 120 days of the specific deadline then the violation is presumed willful and the matter will be forwarded to the appropriate Attorney for the Commonwealth.

Section 5.4 – Penalties for Accepting Contributions from Unregistered Out-of-State Political Committees or Federal Political Action Committees

As addressed above, It is unlawful for any committee registered in Virginia to accept contributions of more than \$10,000, in the aggregate during a calendar year, from an out-of-state political committee or federal political action committee which is not registered with the Virginia Department of Elections. Accepting any contribution of \$10,000 or more, in the aggregate during a calendar year, without first verifying the committee’s Virginia Department of Elections registration status will result in a penalty equal to the amount of the contribution received pursuant to the provisions of §24.2-953.5.

The Virginia Department of Elections shall assess the penalty at the time that it becomes aware of the violation. If the penalty is not paid within five days after official notification of the penalty then the Virginia Department of Elections shall send the matter to the Commonwealth’s Attorney for the city of Richmond to enforce its collection.

Section 5.5 – Additional Penalties for Out-of-State Political Committees Regarding the Failure to File Statement of Organization

Procedure to Collect Penalties for Statement of Organization Violations

The Virginia Department of Elections will officially notify the committee of the violation via certified mail. The committee will have five days to comply with the provisions of the Act. Failure to comply within five days of official notification will require the Virginia Department of Elections to forward the matter to the Attorney General’s office, pursuant to the provisions of § 24.2-104, to enforce compliance and collect the assessed penalty.

Penalties for Statement of Organization Violations

The amount of the penalty will be equal to the amount of the contribution in which the committee made which required the committee to register with the Virginia Department of Elections.

Section 5.6 - Willful Violations

A willful violation occurs when the Virginia Department of Elections or an investigation by an Attorney for the Commonwealth determines that the person intentionally attempted to subvert the provisions of the Act.

In the case of willful violation, a committee will be guilty of a Class 1 misdemeanor and the Attorney for the Commonwealth shall initiate civil proceedings to enforce any civil penalties prescribed. There will be a rebuttable presumption that the violation of the Act was willful if the violation is based on a committee’s failure to file a report required and its failure to file continues for more than 60 days following the official notification by the Virginia Department of Elections or local electoral board.
