

ELECT 2022 Content with Video Component Template

Description: content that includes a video with optional header and optional text above and below video. Video size is responsive.

Page Usage: anywhere needed.

Quantity: varies.

Placement: In order in list of content, typically towards bottom of page.

Instructions: A visual guide to filling out the template is below. This is a stand-alone template and does not pull in additional content from the CMS.

Note that the video URL needs to be copied from the YouTube “Embed Video” option after clicking on “Share” – do not use the shorter youtube.be URL. Also, if using a site other than YouTube, please check with CMS administrator to ensure that videos from that site can be embedded in ELECT pages.

Give the component a name; this field is not used in the layout.
